For Immediate Release:

Today's Date: February 1, 2016
Prepared by: PIO Art Forgey
Release #: 2016-006A
Address: 5700 block NW 88th Street, Gainesville, FL

MEDIA ADVISORY: Skeletal Remains Located/Update

On Sunday, January 24th, deputies located skeletal remains in the woods in the 5700 block of NW 88th Street. The original release listed 5710 NW 84th Terrace, Gainesville, FL, as the location of occurrence. That address has been changed to more realistically depict the actual location the bones were found and was actually based off the initial CAD (Computer Aided Dispatch) address.

Working with the University of Florida C. A. Pound Human Identification Laboratory and the District 8 Medical Examiner's Office, deputies have made the following determination on the skeletal remains. The decedent is a white male, approximately 5 feet, 10 inches tall, between 40 and 60 years old. He was wearing blue jeans and brown work boots (similar to those pictured). He appears to have died sometime within the last 6-24 months.

Any person who may have information in regards to this person's identity is encouraged to contact Detective Lance Yaeger at 352-260-7588.
